

at least one of said raw yarns has a twisting multiplier within a range of 2-6 when calculated based on a twisting number of the first ply of said raw yarn.

Claim 8 (original): A flexible fiber reinforced hose of claim 1, wherein the monofilament of said raw yarn has a twisting number of 80-1000 turns/m and the raw yarn has a denier of 300-1000.

Claim 9 (original): A flexible fiber reinforced hose of claim 1, wherein the raw yarn of said reinforcing fiber has a tensile strength of 14 cN/denier or higher in a tensile test in accordance with JIS L 1013 standard.

Claim 10 (original): A flexible fiber reinforced hose of claim 1, wherein the raw yarn of said reinforcing fiber has a tensile strength of 16 cN/denier or higher in a tensile test in accordance with JIS L 1013 standard.

Claim 11 (currently amended): A flexible fiber reinforced hose of claim 1, wherein said fiber reinforced layer ~~comprising~~ comprises at least one of spiral wound, braided and knitted reinforcing fibers.

Claim 12 (original): A flexible fiber reinforced hose of claim 1, wherein said fiber reinforced layer is sandwiched between an inner rubber layer and an outer rubber layer contacting them directly.

Claim 13 (original): A flexible fiber reinforced hose of claim 1, wherein two or more fiber reinforced layers are provided across intermediate rubber layer(s).

Claim 14 (currently amended): A flexible fiber reinforced hose of claim 1, wherein at least one of the inner rubber layer and the outer rubber layer of said fiber reinforced hose ~~eonsist~~ consists of a single or a plurality of rubber layers.

Claim 15 (original): A flexible fiber reinforced hose of claim 1, wherein said fiber reinforced hose further comprises at least one of a resin layer, and a fluid barrier layer comprising at least one of a metal thin film and metal foil lamination layer.

Claim 16 (currently amended): A flexible fiber reinforced hose of claim 1, wherein said fiber reinforced hose is at least one of a hose for ~~at least one of~~ an air conditioner, an engine cooling hose, a heater hose, an oil hose, ~~or~~ and an air hose for an automobile and an industrial machine.
